SAFETY IS EVERYONE'S RESPONSIBILITY. As much as we try to build in every possible safety measure, it is the consumer purchaser's responsibility to follow all safety instructions provided with the Pacific Safety Cover, and to educate all users of the product as to its safe and proper use. Covers depicted are representative of the actual material; however, variations in color and shading may occur.

We Put Safety First!

Pacific Safety Covers will keep out more than the Sun's rays!

Pacific Pools Safety Covers are designed to protect those valued investments in your life. Once installed, the Pacific Pools Safety Cover will help prevent accidental intrusion by children, pets and unwanted critters and debris. Your Showcase Builder will help you every step of the way... from design and material choice to a quality installation. And your Pacific Safety Cover is backed by a 20 year transferable warranty from the pool industries' leader for over 50 years, PacificPools. Now that's support!

Real Life Happens...

"Having forgotten something in the house, my wife left our Toyota Sequoia running in our driveway with the transmission in park, or so she thought. After a few moments in the house, she returned to the driveway to see the vehicle rolling backwards thru a fence, over a four foot stone wall and falling onto the pool. That's when I got the call at work to come home."

Dr. Chance
Portland, ME

EXCLUSIVE!

Standard on all Pacific Solid Safety Covers, The KEM-KAP™
This screw-on plastic cap will allow you to add chemicals to the pool after the safety cover has been secured around the pool.

EXCLUSIVE!

Patent Pending

Custom dual spring, standard on all Pacific Safety Covers ensure a tighter fit
Introduced to the industry by Pacific Industries. Heavy duty stainless steel double-coil springs, with D-Rings for ease of installation and adjustment. They have a lower profile — so covers lay flat and fit tight — whatever the shape of the pool. No other manufacturer offers this feature

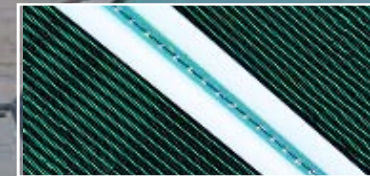

EXCLUSIVE!

Beware of imitators
Insist on a Pacific Pools Safety Cover to ensure the quality that you expect from Pacific Pools. Every Safety Cover is designed and manufactured to the exact specifications of your pool. That's why we back it with our exclusive 20 year transferable warranty.

Solid Safety Cover with INVIS-A-DRAIN™
1/4" drain holes are located every 6" in reinforced vinyl, down the center of the cover. Beneath is a 12" wide mesh drain filter panel designed for easy cleaning. No other manufacturer offers this feature.

Won't rub your pool the wrong way
Coping protection strips guard your cover without making marks or scars — keep your pool and cover new-looking for years.

Our double decker edge
A potential trouble spot for pool covers is the perimeter — where they can fray and unravel. The Pacific cover is first hemmed, then sandwiched between double layers of webbing. Edges can't unravel, you get years of trouble-free performance.

A cover is only as strong as its seams Pacific Safety Cover seams are interlocked and double overlapped. This seam is the heart of the Pacific difference. No other manufacturer offers this feature.

Introducing the optional Reduced Deck Mount™ System

- Patent Pending Design
- Easy Installation around raised walls, water features, spas and other deck accessories
- Designed to maintain a tight cover fit
- Perfect for narrow pool decks

Solid Cover with optional pump

Use of a weighted cover pump to immediately pump off all standing water, such as rain or melting snow will maintain all applicable safety standards.

ProTex™

The **NEW** ProTex Safety Cover Material. Manufactured with a new light & tight woven material, ProTex Safety Covers are designed to allow water through for drainage and safety but keep sunlight and debris out for ease of maintenance and peace of mind. Available in Green U.S. Patent 6,886,187-98

Bio-Shade™

Durable long lasting polypropylene mesh material. No more standing water in the springtime for insects to breed, our mesh material allows water and snow to drain right through. Built in durability and strength will protect your family and your investment. Available in Green & Blue

LitePro™

The **NEW** LitePro solid safety covers will block out all of the sun's rays, while the light-weight material allows for easy installation and removal. If your backyard is free from trees and other foliage, this safety cover is just right for you. Available in Green & Blue

SOLID™

The Full Duty Solid Safety Cover material will completely block out all the sun's rays. One of the industry's most durable covers comes standard with the INVIS-A-DRAIN™ System, keeping all the debris and sun's rays out and allowing only water to pass into your pool Available in Green & Blue
