

Clean & Clear[®]

Aboveground Cartridge Filter System

By Pentair Water Pool and Spa[®]

Take it easy

We've paired our dependable, efficient JWP Series™ pumps with our highly effective Clean & Clear[®] cartridge filter to create the high performance system for keeping your aboveground pool clean, clear, and inviting.

These systems are rugged, energy efficient, and simple to operate and maintain. Most important, the Clean & Clear filter is a dirt-trapping legend. It removes the larger particles you can see individually, as well as those tiny contaminants that gang up to rob water of its clarity.

As for the JWP Series pumps, they are a favorite of pool pros on all counts: high performance, quiet operation, low maintenance, and reliability. Plus, its two-speed design allows you to match performance to task, saving up to 75% in energy costs.

So if you're looking for top-end aboveground filter system performance with minimal maintenance, look no further than the Clean & Clear cartridge system from Pentair Water Pool and Spa[®].

Clean & Clear Cartridge Filters Feature:

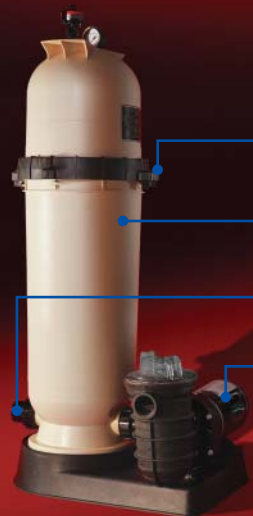

- Removable filter cartridge for quick, convenient cleaning.
- Rugged fiberglass reinforced polypropylene tank for long life.
- HiFlow™ manual air relief valve and continuous internal air relief work together to eliminate air accumulation and maintain optimum filtration efficiency.
- 1.5" filter drain speeds washouts.

JWP Series Pumps Feature:

- Rugged construction and a motor rated for continuous duty make this pump an easy choice for delivering years of dependable service.
- Precision manufacturing of internal components and a smooth-running motor make operation extremely quiet.
- Extra-large trap holds more dirt and the clear view lid lets you check for debris without lifting a finger.
- Proprietary design prevents large debris from impeding water flow or locking up impeller for dependable performance.

Clean & Clear®

Aboveground Cartridge Filter System

Filter lock ring allows for quick and easy servicing

Single-piece fiberglass reinforced polypropylene tank for strength and corrosion prevention

Easy access 1.5" drain

Powerful all weather motor is designed for toughest duty and extremely long service life

Model Number	Filter Area Sq. Ft.	Vertical Clearance*	Filter Diameter	Flow Rate GPM**	Turnover Capacity (Gallons)		
					8 hours	10 hours	12 hours
CC125	125	61"	15.5"	125	60,000	75,000	90,000
CC175	175	76"	15.5"	175	84,000	105,000	126,000
CC200	200	76"	15.5"	200	96,000	120,000	144,000

* Required clearance to remove filter elements
 ** Maximum flow rate

Keep it easy

Like all Pentair cartridge filter systems, Clean & Clear® features an easy to clean filter cartridge for the ultimate in carefree pool filtration. Additional features include:

- Pump cleaning is a breeze; a twist of the wrist gives you access to the ultra-large strainer basket—just empty and twist back in place.
- Single-piece system base provides strength, durability and quiet operation.
- JWP Series™ pumps provide superior flow dynamics to effortlessly move more water, which lowers operating costs.
- JWP Series pumps are made from the best materials, including Dura-Glas®, an exclusive composite resin formulated to stand tough against weather extremes and UV rays.
- One-year limited warranty. See warranty for details.
